Meetings

As of February 2018 the group has decided to increase the frequency of meetings from every two months to every month. Alternate months will be held as a practical workshop with discussions and presentation topics in between. Dates for meeting are held in the [MERG meetings diary](#).

The meetings are normally held at St James Church, Preston Road, Yeovil. Anyone wishing to attend a meeting can get directions from the group via the contact form.

GOVERNMENT RESTRICTIONS ON GATHERINGS AND TRAVEL

Due to all the restrictions all our meetings are online using zoom software (see the MERG meetings diary). If you wish to attend and are outside our catchment area then please email the group using the form above.

Workshops

- Members bring their own kits to assemble with help from others in the group where required
- Members bring their own built kit for where they have failed to get it working or need to share test equipment
- Any electronic kit is welcome not just MERG kits
- Members work on the current group projects together
- Members interconnect working kits and add hardware to learn how kits can work together
