The South East Queensland MERG Group is one of three MERG groups in Australia offering a group meeting for those members located in or visiting the south east corner of Queensland that encompasses Brisbane, the Gold and Sunshine Coast areas.

Normally we hold meetings/workshops every month on the first Saturday on the northside of Brisbane. Our meetings consist of two parts - the morning is a workshop where you can work on your projects or on the group project with opportunities to seek assistance from other members. In the afternoon, we generally have a presentation on a topic of interest related to model railway operations.

From February 2021, the Group will be meeting at Banyo Library, St Vincents St Banyo.

If you are interested in attending please email the Coordinator via [the Area Groups contact us page](#).

The leadership team is:

Stephen Sherwood Coordinator

Greg Palmer
