Meetings

The next Cardiff AG meeting will be on **6th September 2018 at 7.30pm** in the Synod Office of the United Reform Church, Cardiff Minster Rd, Cardiff CF23 5AS.

I do not yet have an agenda so if there is anything you would like included then let me know.

One item will be development of the Group Demo Layout. At the last meeting it was decided to remove the DC completely and convert it all to DCC to avoid confusion. This I will do before September.

We now need to decide what CBUS facilities we should add so I am asking all of you who are familiar with the layout to forward ideas before the next meeting. We have three kits: a CANUSB4 (which I will install) so we can link a computer, a CANPAN which we could incorporate into a small separate control panel and a CANMIO bare PCB. As well as the panel we could have feedback from the DTC-8, servo point control, colour light signals or even a sound unit. Ideas please.

Regards

Peter - Acting Cardiff area co-ordinator
