## June 2015 Group re-forming

MERG Member 4137 Graham Maslin has taken on the task of re-forming the group.
Non MERG members should use the contact us section on the East Anglia information page.
MERG members may contact Graham Maslin by Private Message or email using his Forum Profile page.

### Meetings

**2017**
The August meeting will be held as usual in Stanton Village Hall, on Saturday morning, 19th August from 9.30 to 12.30. This meeting will essentially be a presentation by Duncan Greenwood, who's a new boy to East Anglia, though not to MERG. This will cover his experiences with Arduinos in general, and Arduinos for driving DCC in particular. He also hopes to cover future plans to integrate Arduinos with CBUS. He'll be demonstrating real hardware too but would like some kind hearted volunteer(s) to bring along a meter or so of test track and a DCC fitted loco to run along it. If you haven't been to the Stanton venue before look out for the sign (se attachment) as the hall itself is not visible from the road.

The September meeting is at a new venue for us, the Mid Suffolk Light Railway, near Stowmarket. Thanks to Stephen Davies for organising this. This will be on Saturday 16th September, probably from 09.30 to 12.30. The format for this meeting is yet to be confirmed so watch this space.
