## MERG Virtual Area Group

### Email

To send us an email, [use the MERG Area Group contact form](#)  
For **MERG** members, you might also like to look at our [area group forum](#).

### Area Group Coordinator

Allan Geekie M5173 - email address: [vag@merg.org.uk](mailto:vag@merg.org.uk)

### How It Works

This group now uses Zoom to conduct a group meeting from member's homes or workplaces. It was formed in October 2018 to assess the usefulness of video conferencing technology.

The calls last one hour and to participate, members need a mobile phone, tablet or a PC / Mac with a camera and microphone. Recently we have started to enable members to join by telephone if they have limited broadband facilities.

In order to join the group you need to send an email to Allan at [vag@merg.org.uk](mailto:vag@merg.org.uk).

Calls are scheduled in advance and are held on the second and fourth Tuesday of each month at 10:00GMT or 10:00BST. Topics are agreed in advance.

When it is time to start a call, a voice and video conference is opened up which has thumbnails of each video participant and any shared presentations or desktops. The call leader facilitates the call and the discussions and tries to get through the agenda in the agreed time. Zoom has two views available. The first is the speaker view which selects the video stream from the person speaking. The second is Gallery view which shows streams from all participants.

Members are participating from:-

- Australia
- Canada
- Iceland
- Ireland
- UK
- USA.

Members can access the presentation material [here](#).

If you would like to try out Zoom, then there is a test meeting service where you are the only

participant and you can experiment with the various options available.

<http://zoom.us/test>

This link is available to anybody, not just members of the virtual area group.

## Next Meeting

**There are 1529 days 21:10 since the next Virtual Meeting (10:00 GMT on 11th February 2020)**

The proposed agenda is as follows

### Tuesday 11th February 2020 10:00 GMT

Topic	Leader	Notes
CANV* Modules	Ian Hart	Ian will talk about the new CANV range of modules, now in production and about to appear in the Kitlocker

Once you have confirmed with the leader that you wish to participate, you will receive a reminder email on the day before the call and a second email 10 / 15 minutes before the call with a link to enable you to join.

## Future Meetings

Calls are held on the second third and fourth Tuesday of each month at 10:00GMT or 18:30GMT. The calls scheduled

Agendas exist for some future meetings - these may change.

Suggestions for additional topics would be welcome.

Some discussion topics may move if needed.

Date / Time	Topic	Topic Lead
<b>February</b>		
18th 18:30 GMT	Changing Points	All
25th 10:00 GMT	What is on our Workbenches?	All
<b>March</b>		
10th 10:00 GMT	3D Resin Printing	Chris Walsh and Roger Woodward
17th 18:30 GMT	Colour Light Signals	All
24th 10:00 GMT	Journal Discussion	All
<b>April</b>		
14th 10:00 BST	What is on our Workbenches?	All
21st 18:30 BST	Semaphore Signals	All
28th 10:00 BST	Arduino Discussion	All
<b>May</b>		
14th 10:00 BST	Fusion 360	Dave McCabe

Date / Time	Topic	Topic Lead
21st 18:30 BST	DC Control	All
28th 10:00 BST	Raspberry Pi Discussion	All
<b>June</b>		
9th 10:00 BST	Success with Surface Mount Devices	Duncan Greenwood
16th 18:30 BST	TBA	All
23rd 10:00 BST	TBA	All
<b>July</b>		
14th 10:00 BST	TBA	All
21st 18:30 BST	TBA	All
28th 10:00 BST	TBA	All
<b>August</b>		
14th 10:00 BST	TBA	All
21st 18:30 BST	TBA	All
28th 10:00 BST	TBA	All
<b>September</b>		
14th 10:00 BST	Signalling	Dave McCabe
21st 18:30 BST	What is on our Workbenches?	All
28th 10:00 BST	TBA	All

There is a standby list of topics that appear regularly:-

- **MERG** Update
- Last Journal
- Our Layouts
- Our Projects
- Helping Beginners
- Kit Surgery
- 3D Printing
- Blue Pill Microcontrollers.

## Previous Meetings in 2020

### Tuesday 28th January 2020 10:00 GMT

Topic	Leader	Notes
Radio Throttles Discussion	All	A general discussion around wireless communication with hand-held throttles.

### Tuesday 21st January 2020 10:00 GMT

Topic	Leader	Notes
MERG in 2020	Martin Perry	MERG Chairman, Martin Perry discusses what MERG will be doing in the coming year.

### Tuesday 14th January 2020 18:30 GMT

Topic	Leader	Notes
Train Detection Discussion	All	A general discussion around train detection using light, lasers, magnets, current consumption and any other ideas that members can devise

## Previous Meetings in 2019

Tuesday 17th December 2019 18:30 GMT

Topic	Leader	Notes
Layout Wiring	All	A general discussion on the basics of wiring a layout

Tuesday 10th December 2019 - 10:00 GMT

Item	Leader	Notes
Journal Feedback	Allan	We will take a few minutes to gather some feedback regarding the December Journal
Tales from the Kitlocker	Judi Rastall	A good opportunity to learn more about this essential part of MERG

26th November 2019 18:30 GMT

Item	Leader	Notes
Video Recording of VAG calls	All	My original of a policy is not working due to space restrictions at Zoom; we need to agree a policy; I can provide an update on the recent problems.

19th November 2019 18:30 GMT

Item	Leader	Notes
DCC PMP Kits Discussion	All	This is the first of the evening discussion callsd. We weill start with PMP DCC kits but see where it takes us.

12th November 2019 10:00 GMT

Item	Leader	Notes
Merg Feedback	Allan	Feedback from the Thirsk event and AGM
Getting Started with PlatformIO	Dave McCabe	What is PlatformIO?

## October 22nd

Item	Leader	Minutes	Notes
Designing PCBs	Alan Turner	30	
MERG Online	Martin Sebborn	30	

## October 8th

Item	Leader	Minutes	Notes
Journal - The Road to JMRI series	Allan	40	

Item	Leader	Minutes	Notes
Challenge the Group	All	20	This is an opportunity to ask the group for help with problems on your layout or with electronics in general

## 24th September

Item	Leader	Minutes	Notes
More Wires or More Modules	Discussion	40	Duncan lit the blue touchpaper on the Forum

## 10th September

Item	Leader	Minutes	Notes
Journal Feedback	Discussion	5	Initial discussion while members join the call
MERG Update	Allan	5	Update from the last committee meeting
CBUS for Beginners	Discussion	20	How to progress the idea of helping CBUS adoption for new users
TTH CANCAB	Discussion	30	General discussion

## 27th August

Item	Leader	Minutes	Notes
Future Topics	Discussion	5	Initial discussion while members join the call
Station Destination Boards	Discussion	45	An opportunity to discuss hardware and messaging systems
Burning Topics	Discussion	10	Does anybody need some help?

## 13th August

Item	Leader	Minutes	Notes
Future Topics	Discussion	5	Initial discussion while members join the call
DC Control	Discussion	45	An opportunity to discuss the forgotten world of DC control
Burning Topics	Discussion	10	Does anybody need some help?

## 9th July

Item	Leader	Minutes	Notes
Future Topics	Discussion	5	Initial discussion while members join the call
Signalling Objects for CBUS	Dave Turner	55	The aims of this White Paper are as follows
			1 To make configuration and documentation of an interlocked system easier
			2 To add the following higher level functionality to the existing CBUS messaging system
			- System initialisation
			- Interlocking of modelled signalling items
			- Route reservation, locking and release
			- Reporting of operational errors

**25th June**

Item	Leader	Minutes	Notes
Future Topics	Discussion	5	Initial discussion while members join the call
General Discussion	All	45	CANEMPTY, 3D Printing Java FCU, Rocrail, stiction controllers, wifi controllers, CBUS module reset and Duncan's latest servo setter.
Burning Topics	Discussion	10	Does anybody need some help?

**11th June**

Item	Leader	Minutes	Notes
Journal Feedback	Discussion	5	Initial discussion while members join the call
DCC Decoder for Under a Fiver	Duncan Greenwood	45	Duncan will talk about the work he has been doing on hardware and firmware for a DCC loco decoder
Burning Topics	Discussion	10	Does anybody need some help?

**28th May**

Item	Leader	Minutes	Notes
Future Topics	Discussion	5	Initial discussion while members join the call
On my Workbench	Discussion	25	What are we all working on.
CBUS - long messages 2	Discussion	20	Potential solutions
Burning Topics	Discussion	10	Does anybody need some help?

**14th May**

Item	Leader	Minutes	Notes
Future Topics	Discussion	5	Initial discussion while members join the call
Blue Pill Talks to CUS	Dave McCabe	45	Dave takes up the challenge to show how a simple program on a Blue Pill module can communicate with CBUS
Burning Topics	Discussion	10	Does anybody need some help?

**23 April**

Item	Leader	Minutes	Notes
Etiquette	Discussion	5	Initial discussion while members join the call
PMP Project Ideas	Discussion	25	What would we like to see as future PMP projects?
CBUS - long messages 1	Discussion	20	Problem Definition
Burning Topics	Discussion	10	Does anybody need some help?

**9th April**

Item	Leader	Minutes	Notes
Future Topics	Discussion	5	Initial discussion while members join the call
Workbenches	Discussion	25	What are members working on at the moment?
Layouts	Discussion	20	Share information on the layouts we are contributing to
Burning Topics	Discussion	10	Does anybody need some help?

**26th March**

Item	Leader	Minutes	Notes
From the Workbench	Discussion	5	Initial discussion while members join the call
Getting Started with Blue Pill Microcontrollers	Dave McC	25	Quick intro to Blue Pill( inc schmatic )
			Arduino IDE
			Blue pill config
			Compiling code
			Flashing using ST-Link
			Debugging
Any Questions	Discussion	10	Let us all try and help one another with any 'burning platforms'
Future Topics	Discussion	5	What topics would we like to discuss in future calls

**12th March**

Item	Leader	Minutes	Notes
Last Journal	Discussion	5	Initial discussion while members join the call
CBUS	TBA	40	TBA to include Layouts with large numbers of modules
Any Questions	Discussion	10	Let us all try and help one another with any 'burning platforms'
Future Topics	Discussion	5	What topics would we like to discuss in future calls

**26th February**

Item	Leader	Minutes	Notes
<b>MERG</b> Update	Allan	5	Feedback from last committee meeting
3D Printing	Howard	40	(1) Filament
			* Makes
			* Types
			* Storage
			(2) Creating a model
			* Design Software
			* Correction software
			* Slicing software
			(3) Printing in more than one colours
			* Change filament at certain depth
			* Separate objects glued together
			* Multi material
			(4) 3D Printers
			* Makes
			* Bed Levelling
			* Nozzles
			(5) What can go wrong (if time permits)?
Any Questions	Discussion	10	Let us all try and help one another with any 'burning platforms'
Future Topics	Discussion	5	What topics would we like to discuss in future calls

## 12th February

Item	Leader	Minutes	Notes
Interesting Forum Threads	Discussion	5	Initial discussion while members join the call
A MERG Newsletter	Discussion	25	Discussion about a new way of communicating with members
Helping Beginners	Allan	15	Discussion about what beginners need to know about resistance
Any Questions	Discussion	10	Let us all try and help one another with any 'burning platforms'
Future Topics	Discussion	5	What topics would we like to discuss in future calls

## 22nd January

Item	Leader	Minutes	Notes
<b>MERG</b> Update	Allan Geekie	5	Feedback from last committee meeting
Layouts	Discussion	25	Updates from the group on the electronics on the layouts they are working on
Projects	Discussion	25	Projects from the group's workbenches
Future Topics	Discussion	5	What topics would we like to discuss in future calls
