Select **West Midlands Area Group** from the drop-down list in **Other Area Groups** and press the **Subscribe to Area Group** button.

How do you meet?

In normal times we meet at the Birmingham Canal Navigations Society's premises Titford Pump House, Engine Street, OLDBURY, West Midlands B69 4NL.

[Titford Pumphouse](#)

There is plenty of car parking – mostly on Engine Street, some within the Pump House compound. The address above includes a Google maps link.

All facilities are at ground level.

We meet four times a year in January, April July and October. We hold two meetings on a Saturday and the other two on a Sunday.

GOVERNMENT RESTRICTIONS ON GATHERINGS AND TRAVEL Due to the restrictions we are unable to meet at the moment. Sadly, we have to cancel our meeting scheduled for October. Clearly we remain in uncertain times but will meet again once lockdown restrictions are lifted.

What does the group get up to?

Our days meeting normally starts at 10:00 am and concludes at 16:00.

The day is split into two parts.

The morning session is more formal in so far as we have one or more guest speakers. The topics are far-ranging. Take a look at the next section to see some of our previous meetings.

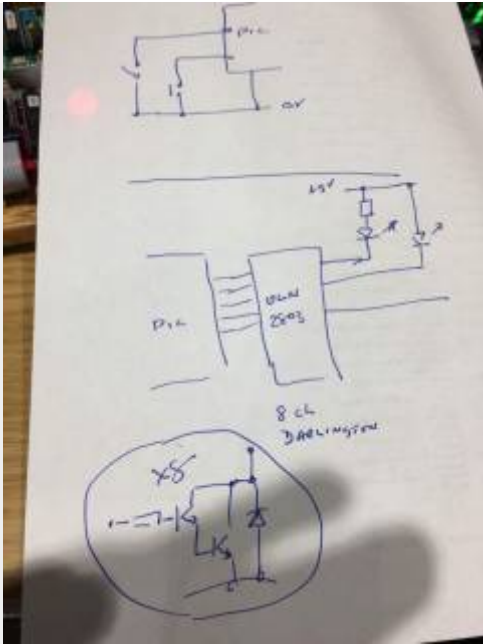

The afternoon session is informal and generally consists of:

1. Members working on their current project (normally a KIT). We will do our best to help with construction and problem-solving.
2. Talking to presenters about the days topic.
3. Passing the day talking all thing model railway electronics.

We charge a modest £3 for the day which we donate to our venue host for the use of the Pumphouse.

We do not charge for tea and coffee or the various superb cake that is kindly supplied by one of our members' wives.

What Have We Done Previously?
